

Name: _____ Date: _____

Directions: With your group, research the criminal you've been assigned by following the guidelines and answering the questions below. Once your group has answered the questions, create a PowerPoint to present the information to the rest of the class.

Criminal Research Project

*Criminal Name (alias or nickname if name unknown):

*Dates active: _____

*Location(s) of crimes: _____

of victims: _____

*Category of crimes: _____

*Modus Operandi: _____

Possible motive(s) (if known):

*Other relevant information or interesting facts:

Law Enforcement

*How did the police learn about their crimes?

*What did the police do to investigate/respond to the crimes?

Were there any other suspects in the cases? If so, who were they?

*How did the police catch the criminal (if applicable)?

*What was the criminal ultimately charged with and what was the sentencing (if applicable)?

*If the killer was never caught, who are some potential suspects?

If the killer was never caught, what factors have made the case difficult for police to solve? (ex: crime scene washed away)

*Other relevant information or interesting facts:

Presentation Guidelines

- Create a PowerPoint presentation about your criminal; slides should be balanced with both text and images
 - Your presentation should be between between 5-7 minutes long
 - Each group member must present at least one slide
 - Presentations must include the asterisks above (as applicable to your assigned criminal)
- Keep information appropriate; you may discuss your criminal's crimes, but omit the overly gory details. **No** pictures of crime scenes.
 - Prepare information beforehand; **do not** just read from the slides!
